WOMAN KU KLUX HEAD HERE TO ENROLL FAIR SEX.

rs. Tyler Expected to Recruit 500 Prominent Persons.

Mrs. Elizabeth Tyler, one of the heads of the Ku Klux Klan, now stopping in New York at the Pennsylvania Hotel, said this afternoon that Paul S. Etheridge, the "Imperial Attorney" of the Klan, is on his way to New York to start a \$1,000,000 damage suit against "some New York newspapers" for libel.

"The newspapers have been most unfair," she said, "and have made malicious and damaging statements that are absolutely without foundation."

She said she herself was not in New York on official business, but admitted she had recently been made grand chief of staff for the women's division of the Klan, which is to "naturalize" about 500 of the "most prominent" women from every section of the country" about Nov. 1.

She said the Klan has received many letters of inquiry from prospective members since publication of the exposé. The salary of the Imperial Wizard, she said, was \$100 a week.

3 KILLED BY BLAST ON DEUTSCHLAND

Sundered German Trade Submarine Was Being Dismantled Near Liverpool.

LIVERPOOL, Sept. 10 (Associated Press).—A tremendous explosion on the former German submarine Deutschland at Birkenhead, across the Mersey from Liverpool, killed three men and injured three others today. It is possible many others perished.

The submarine was being dismantled at the time of the explosion, which occurred in the engine room from an unknown cause. The Deutschland was surrendered by the Germans under the terms of the peace treaty.

The Deutschland was the commercial submarine which reached Baltimore and later New London, Conn., and returned to Germany with cargoes while the United States was still neutral.

LONDON, Sept. 10. (Associated Press).—Henry Sullivan of Lowell, Mass., who left Dover Friday afternoon on his fifth attempt to swim the English Channel, was forced to abandon the attempt because of rough weather early today when he was eight miles off the French coast.

Sullivan was twelve and one-half hours in the water.

SUSPECT MURDER IN RAIDER'S DEATH AFTER SHIP BATTLE

Officials Are Told Fitzpatrick Did Not Kill Himself as First Believed.

Reports have reached the Narcotic Division of the Internal Revenue Office at Washington, that Frank J. Fitzpatrick, the enforcement officer who was shot to death in the Atlantic Avenue ferry house, after leading the raid on the Greek steamer King Alexander yesterday, did not kill himself but was murdered. The Washington office was so impressed with the report that Col. O. J. Porter, Assistant Chief of the division, came to New York today to take charge of this phase of the smuggling case.

Col. Porter today interviewed the brother and brother-in-law of Fitzpatrick, who came to this city from their home in Waterbury, Conn., to claim his body. They told him of Fitzpatrick's ill-health and depression, which they did not regard as sufficient to cause him to take his own life. Col. Porter also attended the inquest in Brooklyn today.

Medical Examiner Wuest declared after the inquest that he believed Fitzpatrick had committed suicide. There was only one wound in his body. The bullet, fired from a weapon in contact with his chest, went under the third rib, passed through the heart and came out of his back over the ninth rib. The report that two shots had been heard from the closet in which Fitzpatrick was found dead has not been explained. It was regarded as likely that the second exploded cartridge in his revolver had been used during the battle on the King Alexander.

HARDING MAY VISIT N. Y. ON TRIP HE STARTS TO-DAY.

WASHINGTON, Sept. 10.—President Harding started on a week's vacation today. With a party of friends he left here at 1 o'clock for a motor trip to Atlantic City, where he will remain a few days.

President Harding may go to New York on his vacation, it was said at the White House today, where he would visit some golf links.

Inability of the Mayflower to make a landing at Atlantic City may make the trip to New York necessary, it was said.

CONGRESSMAN IN BATTLE WITH MAN HE BEFRIENDED

Opponent Runs Down Nine Nights of Stairs in Hotel.

Congressman Walter M. Chandler, living at the Marlborough Hotel, today admitted to The Evening World that a man named Swing, for whom he had endeavored to procure a job, had tried to assassinate him in his rooms at midnight last night.

Swing, according to Congressman Chandler, telephoned he wanted to talk things over. Mr. Chandler refused to see him, but Swing evaded the desk clerk and went up in the elevator. Chandler opened the door in response to a rap and Swing made a "pass," as Mr. Chandler described it. Mr. Chandler then went into action, and swung fled down all nine flights of stairs.

PRESIDENT ABANDONS SCHEME TO RIVAL LEAGUE OF NATIONS WITH A NEW "ASSOCIATION"

Arms Conference His Idea of Method U. S. Ought to Pursue.

FOR INFORMAL PARLEYS.

Would Preserve Senate's Power to Review All Foreign Agreements.

By David Lawrence.
(Special Correspondent of The Evening World.)

WASHINGTON, Sept. 10 (Copyright, 1921).—President Harding has abandoned any idea of forming an association of nations as a substitute for the present League of Nations. The President makes it clear to those who inquire on the subject that the United States will associate with other nations in international enterprises and the discussion of ways and means of preserving peace, but as for a formal body parallel to the Geneva League no such organization is contemplated.

This news may come as a surprise to those who have been thinking either in terms of a rival organization to the Geneva League or an association of nations in which formal membership would be required. But the President has evolved the theory that in order to be perfectly free at all times to approve or disapprove, to agree or disagree with anything that may be proposed by other nations, the United States cannot bind itself in any hard and fast organization.

Mr. Harding makes a point of justifying the prepositions are used in speaking of an association "with" nations or an association "of" nations. He believes the coming conference on armament is an association with other nations and therefore satisfies, to an extent anyway, his campaign pledge.

It will be recalled that the whole controversy ranged around two little words—"the" and "a." Mr. Harding said he would never join "the" League of Nations. Men like former President Taft and other pro-League Republicans were not discouraged but insisted that eventually Mr. Harding would find that in endeavoring to form "a" League of Nations he would have to bring the United States into the existing League.

The President in his messages to Congress has turned his back on the present League. The latest development, however, is his determination to turn away from all sorts of permanent bodies with hard and fast rules and play a role of informal conference with other powers on vital matters, without committing America.

SHIMIDZU WINS ROUND AGAINST NEW BOY MARVEL

Eighteen-Year-Old Marshall Allen Gives Japanese Splendid Battle.

By William Abbott
(Staff Correspondent of The Evening World.)

GERMANTOWN, Pa., Sept. 10.—Zenzo Shimidzu, of Japan, most feared of all the foreign invaders, won his second round match today on the Germantown Cricket Club courts for the national tennis title. He defeated Marshall Allen of Seattle 6-3, 6-0, 12-10.

Allen proved to be a boy wonder. This is his first important tournament. Settling down after early untoldness he gave Shimidzu about all he bargained for in the third set, which was marked by hard fought rallies and brilliant shooting. Until Allen's errors of driving out of bounds in the twenty-second game gave the Japanese the necessary points.

The weather was again excellent, a light breeze making a burning sun less oppressive for the contestants.

Allen, eighteen years old, wasn't figured to give Shimidzu more than an entry workout, but the Seattle lad surprised everyone. He flashed a fine forehand smash and mixed up his shots so cleverly that even the cunning Jap was frequently caught out of position.

Shimidzu took the opening set 6-3, mainly due to Allen's failure to get his racket on the Japs' hard hit, delicate placements. The Westerner had a spot of unskillful play in the second set, the little man from the Far East winning six straight games.

The Jap simply pursued the effective system of hitting the ball over the net and allowing his youthful adversary to beat himself by committing damaging errors.

Allen lost his nervousness in the third set and forced Shimidzu to flash all his resources. At one time Allen led in games 4-4 and needed only two points to clinch the set, but each time the Jap was on the job with a passing shot that the boy couldn't catch up with.

From this stage the match developed into a absorbing baseline game, with remarkable court covering on both sides the net. First Allen would win on his service and the Jap would regain his many serving that Allen would attempt to kill, only to send the balls sailing over the lines for errors.

Shimidzu won his service in love on the twenty-first game and then broke through Allen's on the next game, when the Seattle lad netted two balls and hit two more out of bounds.

Having an unexpected reversal, Shimidzu will meet Tilden Monday in the third round. The Jap came within two points of beating the world's champion in the recent Davis Cup meet.

In the other grand stand match Frank T. Anderson of New York defeated A. W. Jones of Providence 6-3, 6-2, 6-1. Anderson with his water reach and speed had an advantage which his younger opponent could not overcome.

Other second round results: Harry Parker, New York, beat Dwight Robinson, N.Y., 6-4, 6-4, 6-2; Craig Biddle, Philadelphia, beat Robert Gilmore, New York, 6-3, 6-1, 6-1; W. Crawford, Baltimore, beat Sam Pines, Philadelphia, 10-8, 6-3, 6-4; Walter Knight, Philadelphia, beat H. R. Hathaway, New York, 6-4, 6-2, 6-1.

Tilden, Johnston and Williams all won, receiving good practice, nothing more. Tilden defeated P. L. Goldsborough, of Baltimore, 6-2, 6-1, 6-1. Johnston defeated Edward Hall of New York, 6-4, 6-1, 6-4 and Williams defeated William Ingraham of New York, 6-1, 7-5, 6-2.

Vincent Richards, won from Walter Hayes, of Chicago, 6-3, 6-4, 6-4.

SINN FEIN ENVOYS TO PEACE PARLEY CHOSEN BY DAIL

Arthur Griffith, John MacNeill and Robert Barton Among the Delegates.

CALL SECRET SESSION.

De Valera and Cabinet Pass Responsibility of Reply to Full Parliament.

LONDON, Sept. 10 (Associated Press).—The Dublin correspondent for the Westminster Gazette today sent the following despatch to his newspaper:

"It can now be stated with authority that representatives from the Dan Eireann will meet the British representatives in a conference at Inverness on Sept. 20. As a matter of fact, the Dail representatives already have been decided upon. They include Arthur Griffith, John MacNeill and Robert C. Barton.

"It is not expected that Eamon de Valera will attend the conference. But he and others will be immediately available for consultation by the Irish representatives."

DUBLIN, Sept. 10.—The invitation of the British Cabinet to Dail Eireann to send envoys to a new peace conference at Inverness, on Sept. 20, will be considered in a secret session of Dail Eireann next Wednesday. This announcement was made after an hour's session of the Irish Cabinet, presided over by De Valera.

As the Cabinet is already invested with plenary power to carry on negotiations, the decision to call the Dail into session on the matter is taken to indicate a division in the Cabinet as to whether the invitation to a conference, that is the abandonment of the Republic, should be accepted.

The general belief is that the Dail will authorize the acceptance of the invitation and the continuation of negotiations.

The attitude of the Irish Republican Army command toward the negotiations is reflected in its secretly circulated weekly organ, that "every member of the army should at present hold himself ready for the immediate resumption of hostilities. It is not the soldier's duty to discuss Government negotiations with the enemy. We have made war to end military occupation of our country by a foreign nation, and until the country is evacuated the war is not ended."

50 INTERNED IRISH ESCAPE BY TUNNEL

Flee Under Barriers While Comrades Are Entertaining Guards With Songs.

DUBLIN, Sept. 10 (Associated Press).—A tunnel requiring many weeks to construct was employed Thursday night in effecting the escape of some fifty interned Sinn Feiners from the Curragh internment camp in County Kildare. The camp is surrounded by several rows of barbed wire entanglements and is heavily guarded by soldiers.

The prisoners built the tunnel under the barbed wire, using some of the flooring of their huts for props. The most difficult part was to elude the guard. This was done by creating a diversion Thursday evening. Numerous prisoners gave songs and recitations which received great applause both from other interned men, and, it is said, from the guard.

While this was proceeding between forty and fifty men passed through the tunnel and have not been seen since.

MILLIONS IN PROPERTY LOSS AND DEATHS PUT AT 1,000 IN FLOOD IN SAN ANTONIO

"FATTY" ARBUCKLE EXPLAINS DEATH OF MOVIE BEAUTY
Virginia Rappe Mysteriously Stricken at Party Given by Comedian.

SAN FRANCISCO, Sept. 10.—Police today made public a statement they attributed to Roscoe Arbuckle, movie comedian, bearing on the death of Miss Virginia Rappe, a motion picture beauty.

Arbuckle is motoring here from Los Angeles to help police clear up the case.

"I had invited several guests, including Miss Rappe, to my suite in a hotel in San Francisco," Arbuckle said, over the long-distance telephone from Los Angeles.

"We sat around and had some drinks, and pretty soon Miss Rappe became hysterical and complained she could not breathe and began to tear her clothing off."

"I asked a couple of the girls to take care of her and they disrobed her and put her in the bath tub to revive her. She did not get any better so I went for the manager and had her given a room there and put to bed."

"When Miss Rappe did not get better I had a physician called. At no time was I alone with Miss Rappe. There was half a dozen people in the room all the time."

The movie people who attended the party motored here from Los Angeles, arriving last Sunday. They asked to have a phonograph sent up to their suite. On Monday afternoon one of the women telephoned the hotel manager, saying Miss Rappe was hysterical.

An assistant manager told the police he found Miss Rappe lying on a bed, partially clad. There were bottles on the floor, he said. Men in the party told him Miss Rappe had taken three drinks and then became hysterical.

Later she was removed to a hospital, where she died of pneumonia trouble. The coroner has ordered her stomach examined.

U. S. REPORTED SEEKING PACT ON MANDATE LANDS.

WASHINGTON, Sept. 10.—The American Government is working toward a treaty with the principal Allied powers on the question of American interests in former enemy territories under mandates, it was definitely stated at the State Department.

The proposed treaty has no reference to Paris reports as to the possibility of a third treaty between the Allies and the United States to make binding the Versailles treaty and the treaty of America with Germany. There is no need of such a treaty, it was declared. If a mandate treaty is effected it would embody certain general principles to protect American interests.

He has been out of work, is ill and his wife has long been an invalid.

Thirty-Six Bodies, Mostly Women and Children, Have Been Recovered—Police Chief Asks Martial Law.

Entire Business District and Other Parts of City Are Swept by Flood, Due to Heavy Rainfall.

Troops Patrol City and Aid in Rescue Work—Water and Light Supply Cut Off—Street Cars Tied Up.

SAN ANTONIO, Sept. 10.—Loss of life from last night's flood was estimated by Police Commissioner Wright this morning at from 500 to 1,000. He has asked Col. T. H. Shaven, Chief of Staff of the 5th Corps area, for martial law in the city. The request will be granted, Commissioner Wright said.

Thirty-six bodies, mostly women and children, have been recovered. Property in the central part of the city has been damaged to the extent of several million dollars by the flood which swept through the city. One estimate placed the amount at \$10,000,000.
